TO WHOMSOEVER IT MAY CONCERN

We are pleased to certify that **KRITA RENEWABLES PRIVATE LIMITED** (Formerly "Vistrak Power Private Limited"), Chennai, has executed our 400 kw Rooftop Solar Power Project and synchronized the same with our 550 KVA Diesel Generator in our factory at Uthukadu Village, Walajabad Taluk, Kanchipuram District, Tamil Nadu.

We are happy to state that they have executed the project with excellent professionalism and transparency. The project was executed with high quality workmanship and completed on time to our utmost satisfaction. During the course of the project execution, they have shown exemplary professionalism and continuously updated on the project status. They were very open for giving new ideas. They have a collaborating approach towards the customer and fulfilled all our additional requests and they were efficient in their responses.

We are pleased to certify that **KRITA RENEWABLES PRIVATE LIMITED** will be a very good partner for Solar Projects execution and wish them all success, growth and prosperity in their endeavors.

For Balu Auto Components Private Limited,
